Information Disclosure Statement

1. If applicant is aware of any relevant prior art, he/she requested to cite it on form **PTO-1449** in accordance with the guidelines set forth in M.P.E.P. 609.

Claims Objection

2. Claims 2 and 3 are objected to because of the following informalities: "centre" should be changed to --center--. Appropriate correction is required.

Claims Rejection Under 35 USC - 112

3. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The parentheses make the claims vague and confuse.

Claims Rejection Under 35 USC - 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by **Malfroy et al** (5,975,693).

Malfoy et al discloses resilient hinge for spectacle frame comprises a chamber 14 integral with the eyeglass frame, an end of a arm 22 hinged therein and at least one first elastic means 40 in the form of a flexure element, the end of the arm 22 and the flexure element being reciprocally positioned and in 40 contact with each other in such a manner as to control the rotation of the arm between an open position and a closed position and to retain it in said positions.

Allowable Subject Matter

4. Claims 4-10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
5. Any inquiry concerning this communication should be directed to Examiner Dang at telephone number (571) 272-2326.
